## JAMES BRIGGS

### Summary

I have over thirteen years of experience in art and design for web, print, software UI, video and audio production, rendering, as well as traditional media. My experience includes team management, project development, and marketing strategy. I bring all of this with acute attention to detail and lightning fast production times.

### Employment

#### ScreenPlay

*Senior Production Artist*

Vineyard, UT

3/2017 - Present

- ▲ Hired as the **Senior Production Artist** setting up customer submitted art for screen printing production. I troubleshoot problems with art, paying attention to details, adjusting for issues that arise, helping maintain schedule, creating custom art, and manage files and hardware.

#### Paraben Corporation

*Art Director*

Pleasant Grove, UT

11/2003 - 3/2017

- ▲ Started as a **Technical Support Lead** and provided excellent customer support to Forensic Professionals troubleshooting sophisticated software issues. Promoted to **Technical Support Manager** responsible for hiring, training, and assisting new technical support team members to succeed.
- ▲ Transitioned into the company **Graphic Designer**, creating brochures, tradeshow booths, product packaging, software UI design & assets, web design & assets, and all other visual needs the company had. Responsible for the visual representation of the company, including logos, letterhead, presentations, animated & live action promotional videos, etc.
- ▲ Promoted to **Art Director**, with responsibilities including helping coordinate, promote, and running a corporate user conference. Assisted in and guided marketing strategy, corporate image, asset creation, corporate website management including code base, etc.
